

VuWall Certification Training - Design Essentials

VuWall Design Essentials

- Duration: 2 hours
- CTS Renewal Credits: 1RU
- Number of participants: 6 - 12
- Level: Beginner
- Attendees: AV/IT/ Integrators Technical Sales and AV/IT/Security Consultants
- Objective: Present VuWall solutions and master the essentials required to specify and design video wall and IP KVM projects with VuWall solutions
- Equipment required & pre-requisites: none
- No prerequisites required

Course Description

Upon completion of this course, graduates will be able to present VuWall's line of solutions to potential end users and confidently design video wall and IP KVM projects. The course is a training program tailored for individuals new to VuWall or with limited experience in designing video wall and IP KVM systems.

Participants will gain in-depth knowledge of VuWall's product portfolio, understanding the different solutions available and their key features. Topics covered include effectively converting customer requirements into practical design specifications and selecting the appropriate VuWall products. By the end of this course, participants will have a strong grasp of the core concepts for building video wall and IP KVM management systems, enabling them to address customer requirements and advance their design expertise. This course includes a short quiz and team exercises.

Course Objectives

1. Learn VuWall solutions differentiators, benefits, and use cases.
2. Understand when to use the different VuWall's key products in a design, both hardware and software, to address customers' requirements.
3. Learn how to design video wall and IP KVM projects with VuWall solutions.

Course Agenda

Section	Description	Duration
Module 1	VuWall Introduction <ul style="list-style-type: none"> Meet Participants About VuWall Introduction to the VuWall Ecosystem 	15 min
Module 2	VuWall Product Line Overview <ul style="list-style-type: none"> Product Overview VuStream Encoders & Decoders PAK Video Wall & KVM Nodes TRx Management Software Online Quiz 	1hr
Module 3	Design with VuWall Solutions <ul style="list-style-type: none"> Project Examples & Use Cases Design Exercises 	30 min
Module 4	Resources <ul style="list-style-type: none"> VuWall Tools & Resources Partner Portal Online Estimator 	15 min
